K2

Grade

Event name

Visit to Hong Kong Railway Museum

Activity Goals

- Please help students gain a better understanding of the critical historical events and social and cultural aspects of Hong Kong.
- Gain a better understanding of Hong Kong's development history and the relationship between railway development and national progress.
- Enhance students' sense of identity, belonging, and responsibility towards their country, nation, and society.
- Learn to abide by visiting order and game rules

Activity Introduction

Children can learn about the development of Hong Kong's railway and railway technology by visiting the Hong Kong Railway Museum. While exploring, they can make discoveries, such as the settings on the seats and changes in air conditioning. They can experience different facilities within the railway, which they find novel; they enjoy themselves so much that they never want to leave.
